

Summary of 19 Notices of Violation Issued to Republic Airways Holdings

FAA Corporate Name	Docket Number	PWS Number	FAA Registry	Violations included in NOV that need to be addressed
Chautauqua Airlines, Inc.	1300020	AC0001964	N285SK	These two aircraft have a Treatment Technique violation for failure to perform corrective action in response to a total Coliform positive sample.
	1300021	AC0001972	N272SK	
Frontier Airlines, Inc.	1300022	AC0002100	N938FR	These two aircraft have a Treatment Technique violation for failure to perform corrective action in response to a total Coliform positive sample.
	1300023	AC0002120	N204FR	
Republic Airlines, Inc.	1300019	AC0001860	N34NG	This aircraft has a Treatment Technique violation for failure to perform corrective action in response to a total Coliform positive sample.
	1300016	AC0001840	N188WQ	Each of these 8 aircraft has the following two violations: (1) Monitoring Violation for failure to collect annual Routine Coliform Sample for 2012; and (2) Treatment Technique violation for failure to perform corrective Disinfection and Flushing, and taking Follow-up samples as a result of the failure to collect the annual routine Coliform samples in 2012.
	1300018	AC0001859	N339NG	
	1300024	AC0002243	N127HQ	
	1300025	AC0002249	N133HQ	
	1300027	AC0002258	N164HQ	
	1300028	AC0002282	N813MA	
	1300029	AC0002288	N819MD	
	1300030	AC0002297	N829MD	
	1300031	AC0002261	N167HQ	Each of these 2 aircraft has the following four violations: (1) Monitoring Violation for failure to collect annual Routine Coliform Sample for 2012; (2) Treatment Technique violation for failure to perform corrective Disinfection and Flushing (D&F), and taking Follow-up samples as a result of the failure to collect the annual routine Coliform samples in 2012; (3) Treatment Technique violation for failure to perform third quarter 2012 routine D&F; and (4) Treatment Technique violation for failure to perform corrective D&F, and taking Follow-up samples as a result of the failure to perform routine D&F for third quarter 2012.
	1300032	AC0005511	N502LX	
	1300017	AC0001854	N328NG	Each of these 3 aircraft has the following two violations: (1) Treatment Technique violation for failure to perform third quarter 2012 routine Disinfection and Flushing (D&F); and (2) Treatment Technique violation for failure to perform corrective D&F, and taking Follow-up samples as a result of the failure to perform routine D&F for third quarter 2012.
	1300026	AC0002257	N163HQ	
	1300035	AC0002259	N165HQ	
	1300014	AC0001839	N187WQ	This aircraft has the following two violations: (1) Treatment Technique violation for failure to perform fourth quarter 2012 routine D&F; and (2) Treatment Technique violation for failure to perform corrective D&F, and taking Follow-up samples as a result of the failure to perform routine D&F for fourth quarter 2012.

MAY - 1 2013

NOTICE OF VIOLATION

Chautauqua Airlines, Inc.

Aircraft Public Water System Identification Number: AC0001964

FAA Registry Number: N285SK

Docket Number: 1300020

The U.S. Environmental Protection Agency (EPA) oversees implementation of the Safe Drinking Water Act (SDWA), 42 U.S.C. §§ 300f - 300j-26, and the Aircraft Drinking Water Rule (ADWR), 40 C.F.R. §§ 141.800 - 810. To facilitate implementation of the ADWR, EPA has developed a centralized, web-based Aircraft Reporting and Compliance System (ARCS) for air carriers to use as an Agency approved method to submit required information in an electronic format. Pursuant to 40 C.F.R. § 141.806, Chautauqua Airlines, Inc. must report to the EPA all sampling results no later than 10 calendar days following the monitoring period in which the sampling occurred.

Based on EPA's review of ARCS, Chautauqua Airlines, Inc. is in violation of the SDWA and the ADWR by failing to do the following for public water system identification number AC0001964:

Complete and report the corrective actions required in response to a total coliform-positive sample. This is a violation under 40 C.F.R. §§ 141.810(a) and 141.810(d). If any routine sample is total coliform-positive and *E.coli*-negative, the air carrier must perform corrective actions under 40 C.F.R. § 141.803(c)(3). Pursuant to 40 C.F.R. § 141.806, air carriers must report to the EPA all events requiring notification to passengers or crew, or non-routine D&F, or non-routine sampling within 10 days of the event.

SDWA Section 1414, 42 U.S.C. § 300g-3, authorizes EPA to take formal enforcement action against public water systems for violations of the national primary drinking water regulations, including ADWR. With this notice of violation, Republic Airways Holdings is being offered the opportunity to meet with EPA at its regional office in Chicago, or via teleconference, to discuss the ADWR issues identified above. This letter is a notice of violation and informal request for information. It does not represent the initiation of a formal enforcement action.

Although the offered meeting is informal in nature, Republic Airways Holdings may be represented by legal counsel. You or the appropriate representative(s) of your staff are invited to present information relevant to the factual basis of EPA's allegation, and factors that might mitigate the alleged violation. You or your staff should be prepared to provide relevant documentation of all matters presented at the meeting or prior to a telephone conference. Please be advised any information provided at the meeting may be used by EPA in any administrative, civil or criminal proceedings related to this or other matters. If a meeting is desired, please contact Dorothy Wormbly at (312) 886-9736 or email at wormbly.dorothy@epa.gov.

NOTICE OF VIOLATION

Chautauqua Airlines, Inc.

Aircraft Public Water System Identification Number: AC0001972

FAA Registry Number: N272SK

Docket Number: 1300021

The U.S. Environmental Protection Agency (EPA) oversees implementation of the Safe Drinking Water Act (SDWA), 42 U.S.C. §§ 300f - 300j-26, and the Aircraft Drinking Water Rule (ADWR), 40 C.F.R. §§ 141.800 - 810. To facilitate implementation of the ADWR, EPA has developed a centralized, web-based Aircraft Reporting and Compliance System (ARCS) for air carriers to use as an Agency approved method to submit required information in an electronic format. Pursuant to 40 C.F.R. § 141.806, Chautauqua Airlines, Inc. must report to the EPA all sampling results no later than 10 calendar days following the monitoring period in which the sampling occurred.

Based on EPA's review of ARCS, Chautauqua Airlines, Inc. is in violation of the SDWA and the ADWR by failing to do the following for public water system identification number AC0001972:

Complete and report the corrective actions required in response to a total coliform-positive sample. This is a violation under 40 C.F.R. §§ 141.810(a) and 141.810(d). NOTICE OF VIOLATION

Republic Airlines, Inc.

Aircraft Public Water System Identification Number: AC0001840

FAA Registry Number: N188WQ

Docket Number: 1300016

The U.S. Environmental Protection Agency (EPA) oversees implementation of the Safe Drinking Water Act (SDWA), 42 U.S.C. §§ 300f - 300j-26, and the Aircraft Drinking Water Rule (ADWR), 40 C.F.R. §§ 141.800 – 810. To facilitate implementation of the ADWR, EPA has developed a centralized, web-based Aircraft Reporting and Compliance System (ARCS) for air carriers to use as an Agency approved method to submit required information in an electronic format.

Based on EPA's review of ARCS, Republic Airlines, Inc. is in violation of the SDWA and the ADWR by failing to do the following for public water system identification number AC0001840:

1. Collect and report its routine coliform samples for calendar year 2012. This is a violation under 40 C.F.R. §§ 141.810(a) and 141.810(d). Routine coliform sampling is required under the ADWR per 40 C.F.R. § 141.803(b). Pursuant to 40 C.F.R. § 141.806, air carriers must report to the EPA all sampling results no later than 10 calendar days following the monitoring period in which the sampling occurred.
2. Perform and report the corrective actions required in response to the system's failure to collect required routine coliform samples in 2012 per 40 C.F.R. § 141.803(f). This is a violation under 40 C.F.R. §§ 141.810(a) and 141.810(d). Pursuant to 40 C.F.R. § 141.806, air carriers must report to the EPA all events requiring notification to passengers or crew, or non-routine disinfection and flushing (D&F), or non-routine sampling within 10 days of the event.

SDWA Section 1414, 42 U.S.C. § 300g-3, authorizes EPA to take formal enforcement action against public water systems for violations of the national primary drinking water regulations, including ADWR. With this notice of violation, Republic Airways Holdings is being offered the opportunity to meet with EPA at its regional office in Chicago, or via teleconference, to discuss the ADWR issues identified above. This letter is a notice of violation and informal request for information. It does not represent the initiation of a formal enforcement action.

Although the offered meeting is informal in nature, Republic Airways Holdings may be represented by legal counsel. You or the appropriate representative(s) of your staff are invited to present information relevant to the factual basis of EPA's allegation, and factors that might mitigate the alleged violation. You or your staff should be prepared to provide relevant documentation of all matters presented at the meeting, or prior to a telephone conference. Please be advised any information provided at the meeting may be used by EPA in any administrative, civil or criminal proceedings related to this or other matters. If a meeting is desired, please contact Dorothy Wormbly at (312) 886-9736 or wormbly.dorothy@epa.gov.

NOTICE OF VIOLATION

Republic Airlines, Inc.

Aircraft Public Water System Identification Number: AC0001859

FAA Registry Number: N339NG

Docket Number: 1300018

The U.S. Environmental Protection Agency (EPA) oversees implementation of the Safe Drinking Water Act (SDWA), 42 U.S.C. §§ 300f - 300j-26, and the Aircraft Drinking Water Rule (ADWR), 40 C.F.R. §§ 141.800 - 810. To facilitate implementation of the ADWR, EPA has developed a centralized, web-based Aircraft Reporting and Compliance System (ARCS) for air carriers to use as an Agency approved method to submit required information in an electronic format.

Based on EPA's review of ARCS, Republic Airlines, Inc. is in violation of the SDWA and the ADWR by failing to do the following for public water system identification number AC0001859:

1. Collect and report its routine coliform samples for calendar year 2012. This is a violation under 40 C.F.R. §§ 141.810(a) and 141.810(d). Routine coliform sampling is required under the ADWR per 40 C.F.R. § 141.803(b). Pursuant to 40 C.F.R. § 141.806, air carriers must report to the EPA all sampling results no later than 10 calendar days following the monitoring period in which the sampling occurred.
2. Perform and report the corrective actions required in response to the system's failure to collect required routine coliform samples in 2012 per 40 C.F.R. § 141.803(f). This is a violation under 40 C.F.R. §§ 141.810(a) and 141.810(d). Pursuant to 40 C.F.R. § 141.806, air carriers must report to the EPA all events requiring notification to passengers or crew, or non-routine disinfection and flushing (D&F), or non-routine sampling within 10 days of the event.

SDWA Section 1414, 42 U.S.C. § 300g-3, authorizes EPA to take formal enforcement action against public water systems for violations of the national primary drinking water regulations, including ADWR. With this notice of violation, Republic Airways Holdings is being offered the opportunity to meet with EPA at its regional office in Chicago, or via teleconference, to discuss the ADWR issues identified above. This letter is a notice of violation and informal request for information. It does not represent the initiation of a formal enforcement action.

Although the offered meeting is informal in nature, Republic Airways Holdings may be represented by legal counsel. You or the appropriate representative(s) of your staff are invited to present information relevant to the factual basis of EPA's allegation, and factors that might mitigate the alleged violation. You or your staff should be prepared to provide relevant documentation of all matters presented at the meeting, or prior to a telephone conference. Please be advised any information provided at the meeting may be used by EPA in any administrative, civil or criminal proceedings related to this or other matters. If a meeting is desired, please contact Dorothy Wormbly at (312) 886-9736 or wormbly.dorothy@epa.gov.

NOTICE OF VIOLATION

Republic Airlines, Inc.

Aircraft Public Water System Identification Number: AC0002243

FAA Registry Number: N127HQ

Docket Number: 1300024

The U.S. Environmental Protection Agency (EPA) oversees implementation of the Safe Drinking Water Act (SDWA), 42 U.S.C. §§ 300f - 300j-26, and the Aircraft Drinking Water Rule (ADWR), 40 C.F.R. §§ 141.800 - 810. To facilitate implementation of the ADWR, EPA has developed a centralized, web-based Aircraft Reporting and Compliance System (ARCS) for air carriers to use as an Agency approved method to submit required information in an electronic format.

Based on EPA's review of ARCS, Republic Airlines, Inc. is in violation of the SDWA and the ADWR by failing to do the following for public water system identification number AC0002243:

1. Collect and report its routine coliform samples for calendar year 2012. This is a violation under 40 C.F.R. §§ 141.810(a) and 141.810(d). Routine coliform sampling is required under the ADWR per 40 C.F.R. § 141.803(b). Pursuant to 40 C.F.R. § 141.806, air carriers must report to the EPA all sampling results no later than 10 calendar days following the monitoring period in which the sampling occurred.
2. Perform and report the corrective actions required in response to the system's failure to collect required routine coliform samples in 2012 per 40 C.F.R. § 141.803(f). This is a violation under 40 C.F.R. §§ 141.810(a) and 141.810(d). Pursuant to 40 C.F.R. § 141.806, air carriers must report to the EPA all events requiring notification to passengers or crew, or non-routine disinfection and flushing (D&F), or non-routine sampling within 10 days of the event.

SDWA Section 1414, 42 U.S.C. § 300g-3, authorizes EPA to take formal enforcement action against public water systems for violations of the national primary drinking water regulations, including ADWR. Docket Number: 1300027

The U.S. Environmental Protection Agency (EPA) oversees implementation of the Safe Drinking Water Act (SDWA), 42 U.S.C. §§ 300f - 300j-26, and the Aircraft Drinking Water Rule (ADWR), 40 C.F.R. §§ 141.800 - 810. To facilitate implementation of the ADWR, EPA has developed a centralized, web-based Aircraft Reporting and Compliance System (ARCS) for air carriers to use as an Agency approved method to submit required information in an electronic format.

Based on EPA's review of ARCS, Republic Airlines, Inc. is in violation of the SDWA and the ADWR by failing to do the following for public water system identification number AC0002258:

1. Collect and report its routine coliform samples for calendar year 2012. This is a violation under 40 C.F.R. §§ 141.810(a) and 141.810(d). Routine coliform sampling is required under the ADWR per 40 C.F.R. § 141.803(b). Pursuant to 40 C.F.R. § 141.806, air carriers must report to the EPA all sampling results no later than 10 calendar days following the monitoring period in which the sampling occurred.
2. Perform and report the corrective actions required in response to the system's failure to collect required routine coliform samples in 2012 per 40 C.F.R. § 141.803(f). This is a violation under 40 C.F.R. §§ 141.810(a) and 141.810(d). Pursuant to 40 C.F.R. § 141.806, air carriers must report to the EPA all events requiring notification to passengers or crew, or non-routine disinfection and flushing (D&F), or non-routine sampling within 10 days of the event.

SDWA Section 1414, 42 U.S.C. § 300g-3, authorizes EPA to take formal enforcement action against public water systems for violations of the national primary drinking water regulations, including ADWR. With this notice of violation, Republic Airways Holdings is being offered the opportunity to meet with EPA at its regional office in Chicago, or via teleconference, to discuss the ADWR issues identified above. This letter is a notice of violation and informal request for information. It does not represent the initiation of a formal enforcement action.

Although the offered meeting is informal in nature, Republic Airways Holdings may be represented by legal counsel. You or the appropriate representative(s) of your staff are invited to present information relevant to the factual basis of EPA's allegation, and factors that might mitigate the alleged violation. You or your staff should be prepared to provide relevant documentation of all matters presented at the meeting, or prior to a telephone conference. Please be advised any information provided at the meeting may be used by EPA in any administrative, civil or criminal proceedings related to this or other matters. If a meeting is desired, please contact Dorothy Wormbly at (312) 886-9736 or wormbly.dorothy@epa.gov.

NOTICE OF VIOLATION

Republic Airlines, Inc.

Aircraft Public Water System Identification Number: AC0001854

FAA Registry Number: N328NG

Docket Number: 1300017

The U.S. Environmental Protection Agency (EPA) oversees implementation of the Safe Drinking Water Act (SDWA), 42 U.S.C. §§ 300f - 300j-26, and the Aircraft Drinking Water Rule (ADWR), 40 C.F.R. §§ 141.800 - 810. To facilitate implementation of the ADWR, EPA has developed a centralized, web-based Aircraft Reporting and Compliance System (ARCS) for air carriers to use as an Agency approved method to submit required information in an electronic format. Pursuant to 40 C.F.R. § 141.806, Republic Airlines, Inc. must report to the EPA all sampling results no later than 10 calendar days following the monitoring period in which the sampling occurred.

Based on EPA's review of ARCS, Republic Airlines, Inc. is in violation of the SDWA and the ADWR by failing to do the following for public water system identification number AC0001854:

1. Perform and report its routine disinfection and flushing (D&F) during the third quarter of calendar year 2012. This is a violation under 40 C.F.R. §§ 141.810(a) and 141.810(d). Routine disinfection and flushing is required under the ADWR per 40 C.F.R. § 141.803(b). Pursuant to 40 C.F.R. § 141.806, air carriers must report to the EPA routine D&F events no later than 10 calendar days following the D&F period in which the D&F occurred.
2. Perform and report the corrective actions required in response to the system's failure to perform its routine D&F during the third quarter of calendar year 2012 per 40 C.F.R. § 141.803(f). This is a violation under 40 C.F.R. §§ 141.810(a) and 141.810(d). Pursuant to 40 C.F.R. § 141.806, air carriers must report to the EPA all events requiring notification to passengers or crew, or non-routine D&F, or non-routine sampling within 10 days of the event.

SDWA Section 1414, 42 U.S.C. § 300g-3, authorizes EPA to take formal enforcement action against public water systems for violations of the national primary drinking water regulations, including ADWR. With this notice of violation, Republic Airways Holdings is being offered the opportunity to meet with EPA at its regional office in Chicago, or via teleconference, to discuss the ADWR issues identified above. This letter is a notice of violation and informal request for information. It does not represent the initiation of a formal enforcement action.

Although the offered meeting is informal in nature, Republic Airways Holdings may be represented by legal counsel. You or the appropriate representative(s) of your staff are invited to present information relevant to the factual basis of EPA's allegation, and factors that might mitigate the alleged violation. You or your staff should be prepared to provide relevant documentation of all matters presented at the meeting or prior to a telephone conference. Please be advised any information provided at the meeting may be used by EPA in any administrative, civil or criminal proceedings related to this or other matters. If a meeting is desired, please contact Dorothy Wormbly at (312) 886-9736 or email at wormbly.dorothy@epa.gov.

NOTICE OF VIOLATION

Republic Airlines, Inc.

Aircraft Public Water System Identification Number: AC0002261

FAA Registry Number: N167HQ

Docket Number: 1300031

The U.S. Environmental Protection Agency (EPA) oversees implementation of the Safe Drinking Water Act (SDWA), 42 U.S.C. §§ 300f - 300j-26, and the Aircraft Drinking Water Rule (ADWR), 40 C.F.R. §§ 141.800 - 810. To facilitate implementation of the ADWR, EPA has developed a centralized, web-based Aircraft Reporting and Compliance System (ARCS) for air carriers to use as an Agency approved method to submit required information in an electronic format.

Based on EPA's review of ARCS, Republic Airlines, Inc. is in violation of the SDWA and the ADWR by failing to do the following for public water system identification number AC0002261:

1. Collect and report its routine coliform samples for calendar year 2012. This is a violation under 40 C.F.R. §§ 141.810(a) and 141.810(d). Routine coliform sampling is required under the ADWR per 40 C.F.R. § 141.803(b). Pursuant to 40 C.F.R. § 141.806, air carriers must report to the EPA all sampling results no later than 10 calendar days following the monitoring period in which the sampling occurred.
2. Perform and report the corrective actions required in response to the system's failure to collect required routine coliform samples in 2012 per 40 C.F.R. § 141.803(f). This is a violation under 40 C.F.R. §§ 141.810(a) and 141.810(d). Pursuant to 40 C.F.R. § 141.806, air carriers must report to the EPA all events requiring notification to passengers or crew, or non-routine disinfection and flushing (D&F), or non-routine sampling within 10 days of the event.
3. Perform and report its routine disinfection and flushing (D&F) during the third quarter of calendar year 2012. This is a violation under 40 C.F.R. §§ 141.810(a) and 141.810(d). Routine disinfection and flushing is required under the ADWR per 40 C.F.R. § 141.803(b). Pursuant to 40 C.F.R. § 141.806, air carriers must report to the EPA routine D&F events no later than 10 calendar days following the D&F period in which the D&F occurred.
4. Perform and report the corrective actions required in response to the system's failure to perform its routine D&F during the third quarter of calendar year 2012 per 40 C.F.R. § 141.803(f). This is a violation under 40 C.F.R. §§ 141.810(a) and 141.810(d). Pursuant to 40 C.F.R. § 141.806, air carriers must report to the EPA all events requiring notification to passengers or crew, or non-routine D&F, or non-routine sampling within 10 days of the event.

SDWA Section 1414, 42 U.S.C. § 300g-3, authorizes EPA to take formal enforcement action against public water systems for violations of the national primary drinking water regulations, including ADWR. With this notice of violation, Republic Airways Holdings is being offered the opportunity to meet with EPA at its regional office in Chicago, or via teleconference, to discuss the ADWR issues identified above. This letter is a notice of violation and informal request for information. It does not represent the initiation of a formal enforcement action.

Although the offered meeting is informal in nature, Republic Airways Holdings may be represented by legal counsel. You or the appropriate representative(s) of your staff are invited to present information relevant to the factual basis of EPA's allegation, and factors that might mitigate the alleged violation. You or your staff should be prepared to provide relevant documentation of all matters presented at the meeting or prior to a telephone conference. Please be advised any information provided at the meeting may be used by EPA in any administrative, civil or criminal proceedings related to this or other matters. If a meeting is desired, please contact Dorothy Wormbly at (312) 886-9736 or email at wormbly.dorothy@epa.gov.

NOTICE OF VIOLATION

Republic Airlines, Inc.

Aircraft Public Water System Identification Number: AC0005511

FAA Registry Number: N502LX

Docket Number: 1300032

The U.S. Environmental Protection Agency (EPA) oversees implementation of the Safe Drinking Water Act (SDWA), 42 U.S.C. §§ 300f - 300j-26, and the Aircraft Drinking Water Rule (ADWR), 40 C.F.R. §§ 141.800 – 810. To facilitate implementation of the ADWR, EPA has developed a centralized, web-based Aircraft Reporting and Compliance System (ARCS) for air carriers to use as an Agency approved method to submit required information in an electronic format.

Based on EPA's review of ARCS, Republic Airlines, Inc. is in violation of the SDWA and the ADWR by failing to do the following for public water system identification number AC0005511:

1. Collect and report its routine coliform samples for calendar year 2012. This is a violation under 40 C.F.R. §§ 141.810(a) and 141.810(d). Routine coliform sampling is required under the ADWR per 40 C.F.R. § 141.803(b). Pursuant to 40 C.F.R. § 141.806, air carriers must report to the EPA all sampling results no later than 10 calendar days following the monitoring period in which the sampling occurred.
2. Perform and report the corrective actions required in response to the system's failure to collect required routine coliform samples in 2012 per 40 C.F.R. § 141.803(f). This is a violation under 40 C.F.R. §§ 141.810(a) and 141.810(d). Pursuant to 40 C.F.R. § 141.806, air carriers must report to the EPA all events requiring notification to passengers or crew, or non-routine disinfection and flushing (D&F), or non-routine sampling within 10 days of the event.
3. Perform and report its routine disinfection and flushing (D&F) during the third quarter of calendar year 2012. This is a violation under 40 C.F.R. §§ 141.810(a) and 141.810(d). Routine disinfection and flushing is required under the ADWR per 40 C.F.R. § 141.803(b). Pursuant to 40 C.F.R. § 141.806, air carriers must report to the EPA routine D&F events no later than 10 calendar days following the D&F period in which the D&F occurred.
4. Perform and report the corrective actions required in response to the system's failure to perform its routine D&F during the third quarter of calendar year 2012 per 40 C.F.R. § 141.803(f). This is a violation under 40 C.F.R. §§ 141.810(a) and 141.810(d). Pursuant to 40 C.F.R. § 141.806, air carriers must report to the EPA all events requiring notification to passengers or crew, or non-routine D&F, or non-routine sampling within 10 days of the event.

SDWA Section 1414, 42 U.S.C. § 300g-3, authorizes EPA to take formal enforcement action against public water systems for violations of the national primary drinking water regulations, including ADWR. With this notice of violation, Republic Airways Holdings is being offered the opportunity to meet with EPA at its regional office in Chicago, or via teleconference, to discuss the ADWR issues identified above. This letter is a notice of violation and informal request for information. It does not represent the initiation of a formal enforcement action.

Although the offered meeting is informal in nature, Republic Airways Holdings may be represented by legal counsel. You or the appropriate representative(s) of your staff are invited to present information relevant to the factual basis of EPA's allegation, and factors that might mitigate the alleged violation. You or your staff should be prepared to provide relevant documentation of all matters presented at the meeting or prior to a telephone conference. Please be advised any information provided at the meeting may be used by EPA in any administrative, civil or criminal proceedings related to this or other matters. If a meeting is desired, please contact Dorothy Wormbly at (312) 886-9736 or email at wormbly.dorothy@epa.gov.
